Chapter I - GENERAL INFORMATION

I-1. Applicability

This Rates and Rules Manual ("Manual" and/or "Rate Manual") has been designed for exclusive use by Title Resources Guaranty Company ("Title Resources") and its Title Agents (collectively, sometimes referred to as "Company") for the state of Washington. It sets forth the rates, fees, and charges for Title Resources title insurance provided by the forms of policies set forth in this Manual with respect to land in the state of Washington.

All questions regarding rates should be directed to Title Resources' Legal/Underwriting Department at 800-526-8018.

I-2. Computation of Fees

The premium is based on the amount of insurance or liability written. The General Schedule Rate must be used to calculate the charges herein, subject to the additional charges and rate reductions as specifically provided in this Rates and Rules Manual. Particular attention must be given to use the General Schedule Rate for the county where the land is located. If the land is located in more than one county, it shall be considered non-contiguous separate parcels. The General Schedule Rate for the region where each parcel is located must be used to determine the charge based on the fair value allocated to each parcel.

The amount of insurance, liability or transaction shall be based on the nearest multiple according to the General Schedule of Rates in determining the applicable rate. Whenever percentages of an applicable rate are used herein and the amount calculated from use of the percentage is a fraction of a dollar, the premium shall be the next whole dollar.

I-3. Standard Coverage Owner's, Loan Policies, and ALTA US Policy

Unless otherwise provided herein, a standard coverage owner's policy or loan policy shall be 100% of the General Schedule Rate using the applicable brackets, as shown in Chapter V. Adjustments to the rate as identified in Sections II and III are additive in nature, subject to any identified minimum.

Chapter II - SPECIAL RISKS & ADDITIONAL CHARGES

Title insurance under the following circumstances shall be considered a special risk and shall be charged according to the rate below.

II-1. Extended Coverage Owner's and Loan Policies

Unless otherwise provided herein, and subject to the minimums set forth below, an owner's policy or loan policy may be extended by endorsement or deletion to insure against the following regional exceptions:

1. Rights of parties in possession not shown by the public record;
2. Survey matters;
3. Easements not shown by the public record; and
4. Mechanics' liens not shown by the public record.

The charge of 30% of the General Schedule Rate shall be added, in addition to the premium for the policy calculated using the General Schedule Rate. If an extended loan policy is issued simultaneously with an extended owner's policy, there is no additional charge.

The minimum additional charges for each region are shown below.

- a. Extended owner's policy is \$150
- b. Extended loan policy is \$100

II-2. ALTA Homeowner's Policy of Title Insurance and ALTA Expanded Coverage Residential Loan Policy, including the Short Form

When issuing the Homeowner's Policy and the Expanded Coverage Residential Loan Policy, a charge of 10% shall be added to the applicable rate. The minimum charge is \$50.

II-3. Additional Examination Charges

A charge of \$75 shall be added to the premium for each additional parcel(s) over one, provided that such additional parcel(s) is located in a different government section, donation claim or plat, or combination thereof; or the additional parcel(s) was acquired by the current vested owner(s) at a different point in time.

Chapter III - RATE REDUCTIONS

Rates within this chapter cannot be combined, unless specifically stated. To qualify for a rate reduction identified in this section, all requirements for the rate reduction must be met. If the requirements are not met, the rate reduction does not apply, and the charge shall be the full General Schedule Rate, plus the rate for any special risk or additional charges.

III-1. Simultaneous Issue

- A. The charge for each loan policy issued simultaneously with another policy, except for loan policies issued subject to Section III-7 below, is \$220.
 - a. Plus any charge for extended coverage in the loan policy(ies), which is not paid under another policy; plus
 - b. The full rate in the General Schedule Rate, using the applicable brackets, on any amount of insurance on the loan policy(ies) in excess of an owner's policy.
- B. When two loans are issued simultaneously, the charge for both loans shall be based on the aggregate amount of both policies, plus the simultaneous charge for the applicable region for each additional policy.

III-2. Reorganization and Junior Mortgage Rate (Refinance Rate)

When a lien of a mortgage policy has been issued and a new mortgage on the same property is to be issued, the rate shall be 50% of the applicable rate for the type of policy selected. The minimum is \$250.

III-3. Short Term Rate

When a prior policy has been issued by any title insurer within five years and insures the same land, the charge for a new policy shall be 80% of the General Schedule Rate. This rate is not available on charges for the policies issued pursuant to Chapter II-1. The minimum charge is \$270.

III-4. Home Equity Loan Rate

When insuring a junior mortgage or equity loan for a 1 to 4 family residential structure that is the owner's residence, and the preliminary commitment and Standard Coverage Loan Policy are issued containing the following three special exceptions, the rates listed below will apply:

1. Covenants, conditions and restrictions, if any appearing of record.
2. Any easements or servitudes appearing of record or indicated on a recorded plat.
3. Any mineral reservations or exceptions appearing of record.

<u>Liability</u>	<u>Premium</u>
\$0.00 - 75,000.00	\$95.00
75,001.00 - 150,000.00	\$125.00
150,001.00 - 250,000.00	\$175.00
250,001.00 - 350,000.00	\$250.00
350,001.00 - 500,000.00	\$350.00

This section cannot be used for liabilities in excess of \$500,000.00.

Note: The above charges are exclusive of the application of any other rate that may be contained in this Schedule. Endorsements for future advances under a line of credit, variable interest rates or the priority of an environmental protection lien may be furnished when appropriate without additional charge.

III-5. Subdivider and Builder Rate

Title insurance involving the acquisition and development of land for residential use, residential construction, and sale of newly constructed or renovated one-to-four family residential properties, residential condominium units, and manufactured homes, including any such property that the subdivider/builder has occupied as its principal residence after construction or renovation, will be charged in connection with the schedule below. The minimum premium for any policy issued under this subsection shall be \$300.

1. The premium for a loan policy insuring the development loan, and for owner's policies issued following the sale or lease of land developed into subdivided parcels for residential use as described above, shall be 40% of the General Schedule Rate.
2. When a loan policy is issued insuring the lien of a mortgage for financing construction, the charge shall be 35% of the General Schedule Rate.
3. The premium for a standard coverage owner's policy to be issued following the completion of residential construction as described above shall be 30% of the General Schedule Rate.

III-6. Homeowner's Rate

The charge for a Standard Coverage Owner's Policy to insure the buyer on a sale of an existing one to four family residential structure or condominium shall be 70% of the General Schedule Rate. The minimum is \$270.

If an Extended Coverage Owner's Policy is requested, the charge shall be 105% of the General Schedule Rate. The minimum is \$270.

III-7. Residential Purchase Money Loan Rate

The charge for a Loan Policy insuring a purchase money loan on residential property, whether or not the Company issues an Owner's Policy in the same purchase transaction, shall be:

- a. For a Standard Coverage Loan Policy, \$220
- b. For an Extended Coverage Loan Policy, \$220 plus the extended coverage charge under Section II-1
- c. If the amount of the loan policy liabilities exceeds the purchase price, the amount of the excess liability above the purchase price shall be charged at the applicable full General Schedule Rate plus the charge for extended coverage described in Section II-1, if applicable.

Chapter IV - GUARANTEES

The charges in this chapter are applicable to guarantees with stated liabilities covering a particular estate, or interest in land or service.

All charges, if based on a percentage of the General Schedule Rate, must be calculated using the appropriate General Schedule Rate for the county(ies) in which the land is located.

Per Section II-3, a charge of \$75.00 shall be added to the premium for each additional parcel(s) over one, provided that: such additional parcel(s) is located in a different government section, donation land claim or plat, or combination thereof; or the additional parcel(s) was acquired by the current vested owner(s) at a different point in time.

To qualify for a guarantee identified in this section, all requirements for the guarantee must be met. If the requirements are not met, the guarantee shall not be available.

IV-1. Trustee's Sale Guarantee

This guarantee is issued for the benefit of a trustee or attorney in connection with the non-judicial foreclosure of a Deed of Trust.

The charge is 80% of the General Schedule Rate based upon the unpaid balance due on the note secured by the Deed of Trust. The minimum charge is \$270.

In situations where the unpaid balance on the note exceeds the full value of the land, the Company, in its sole and absolute discretion, may issue the guarantee in the amount of the full value based on the charges above.

Subject to obtaining special risk approval from Title Resources, an owner's policy may be issued to the foreclosing beneficiary or mortgagee. There is no charge up to the amount of liability shown on the Trustee's Sale Guarantee. Any amount of liability in excess of the guarantee liability amount shall be charged at 100% of the General Schedule Rate, using the applicable brackets, plus any additional premium charge for the type of coverage selected. The guarantee must have been issued by Title Resources to qualify for this rate and the defaulted encumbrance must have been insured by any title insurer.

IV-2. Litigation Guarantee

A Litigation Guarantee is issued for the benefit of an attorney only, for the purpose of instituting legal proceedings in connection with quiet title actions, partitions, mortgage foreclosures, or other matters of land title litigation, including the foreclosure of various types of liens and assessments. The charge is 80% of the General Schedule Rate based on the full value of the particular estate or interest involved. The minimum charge is \$270.

Subject to obtaining special risk approval from Title Resources, an owner's policy may be issued to the foreclosing beneficiary or mortgagee. There is no charge up to the amount of liability shown on the Litigation Guarantee. Any amount of liability in excess of the guarantee liability amount shall be charged at 100% of the General Schedule Rate, using the applicable brackets, plus any additional premium charge for the type of coverage selected. The guarantee must have been issued by Title Resources to qualify for this rate and the defaulted encumbrance must have been insured by any title

insurer.

IV-3. Miscellaneous Guarantees

The charge for each of the following guarantees is based upon the region in which the property is located. Unless otherwise stated, the maximum amount of liability is \$2,500.00. None of the rate reductions in Chapter III apply to this section. The charge is \$275.

- A. **Subdivision Guarantee**
A Subdivision Guarantee is issued for a named party and provides certain assurance as to the vesting of a particular property in a platted subdivision, subject to specified matters recorded in the public record that purport to affect the title.
- B. **Limited Liability Guarantee**
A Limited Liability Guarantee is issued for a named party and provides certain assurance as to the vesting of a particular property, subject to specified matters recorded in the public record that purport to affect the title.
- C. **Recorded Document Guarantee**
A Recorded Document Guarantee is issued to a named party upon completion of an application and is based on an examination of the Company's title plant records and the grantor/grantee indices of the county recorder's office as to certain designated documents that describe the subject property over a specified period of time. The maximum liability amount is \$10,000.
- D. **Lot Book Guarantee**
A Lot Book Guarantee is issued to a named party showing the last recorded instrument purporting to transfer title and any mortgages or deeds of trust pertaining to a specified parcel of land.
- E. **Judgment and Tax Lien Guarantee**
A Judgment and Tax Lien Guarantee is issued to a named party reporting federal tax liens, judgments, and state tax liens for a specified period of time.
